RESPONSE TO OFFICIAL ACTION MAILED APRIL 28, 2005

Dear Sir:

In the April 28th official action, Applicant was required to elect a particular species of the claimed invention for prosecution on the merits. In response to this restriction, Applicant elects the first species referred to by the Examiner—namely, wide, medium and narrow field cameras. Therefore, please limit prosecution to claims 1-11, 22-34, 45-54, and 65-70.

It is believed that all points raised in the April 28, 2005 official action have been addressed. Should the Examiner wish to discuss any matter concerning this response, or this

application generally, please contact the undersigned by telephone.

Respectfully submitted,
